

# Alright

Saving Jane

Hold on baby  
I cant stand this pain  
I'm so scared to fly without you  
But I'm touching down again  
And its been so long baby  
Since I saw your face  
And I pretend it doesn't matter  
Just one thing I cant replace

But it's alright  
I will live through this again  
And I never said I love you  
I hope you know that's what I meant  
Cause you're on my mind again

Hold on baby  
Is it cold there where you are  
Andi know you say you bleed for me but I have all the scars  
So long baby it was good but now it's gone  
So much I mean to say to you  
And it always comes out wrong

But it's alright  
I will live through this again  
And I never said I love you  
I hope you know that's what I meant  
Cause you're on my mind again

But it's alright  
I will live through this again  
And I never said I love you  
I hope you know that's what I meant

Cause it's alright  
I will live through this again  
And I never said I love you  
I hope you know that's what I meant  
Cause you're on my mind again
