

When The Cat Came Home

Saviour Machine

sounds in the attic
see inside the show
watch as you go
watch as you go
trapped in some place
the entity fades
watch them crawl on me
claiming redemption
they're coming to your town
nothing inside
there's nothing inside
assassination
when the cat came home
lurking in the doorway
i saw him hang by the power
covered in scabs
covered in scabs
assassination
when the cat came home
