

Lovers

Saviour

And it was just us
Sitting in town on a weeknight
Staring at the sky
Speaking of the people we want to be

And it was just us
Sitting in town on a weeknight
Staring at the sky
Hoping that the world would pass silently

I would have waited all night for your calls
I would have waited all night for your calls

Lovers
Please treat your lovers like you love them
Like you mean it
And trust me
I know it can be hard sometimes

And now it's just me
Sitting in town on a weeknight
Staring at the sky
As the world passes violently

Replace my fear with hope
Cloud my dreams with smoke
Somewhere in my mind
I am fine
Sitting in town on a weeknight

Replace my fear with hope
Lace my weed with coke
Somewhere in my mind
I am fine
Sitting in town on a weeknight
With you

I would have waited all night for your calls
I would have waited all night for your calls

Lovers
Please treat your lovers like you love them
Like you mean it
And trust me
I know it can be hard sometimes

Lovers
Sometimes your lover has found another
And it doesn't feel right
And trust me
I know it can be hard

Tell me how do you feel?
Did it make you feel good?
Did you even care?
I don't think I want to know
Tell me how do you feel?

Did it make you feel good?
Did you even care?
I don't think I want to know
Tell me how do you feel?

And when the ocean eats the sun
I'll blame it on myself...

And if you get a second
Please just let me explain

Lovers
Please treat your lovers like you love them
Like you mean it
And trust me
I know it can be hard

Lovers
Sometimes your lover has found another
And it doesn't feel right
And trust me
I know it can be hard sometimes

Lovers
Sometimes the only option is to let go
I know it can be hard sometimes
