

Checked

Savv4x

Don't try and check me, niggas get checked
I came with a Glock in my tech
It's a big four feeze and it's filled to the net
Hop out the four door, aim for a head
Screaming out 44 right 'fore I send
Screaming out Chris Bosh, don't get me pissed off
Young niggas bitch and your old niggas dead
Watch how I get when it's time to go bend
Put on my murder suit and grab the 10
G29 but I came wit' my Larry, that's 33 shots in a fuck nigga ends
Get out the way if I wind down the window, switch on the back and it's filled to the brim
I'm sorry mama, she hate that I'm lava, still play in the trenches and walk on my bid
Oh shit, I'm in the 25 wit' Nuski again
Late night creepin', think I see demons
Brodie could tell how I'm sick in my head
I'm not tryna sleep, I wanna see some dead
'Til I get 'em killed I'm not goin' to bed
Walk down, wiped some down with the fifth
Full metal jackets inside of my clip
Lil' bitch, I don't do hollows
Could say why but that shit kinda hot
Last time a niggas tried to slide through my strip and we beat at the whip, almost left it in park
Hold on, wait, I need him dead right now
Heard that boy in the 6ix and I laughed, cause I'm not in the dot
I heard he stay on the Jane so it's nothing to say, call the Wasas if I get the drop
If he in the east, then I'm callin' the 'Villers, my serial killers, they down for the plot
Slide and providin', my lil' bros riding, Griffin the most 'cause he down for the cards
Melly the G, he go hop out the free and he'll do it for free, don't got pay him a cost
One got shot in his leg, the next one shot in his head, I don't know why they talk
One got shot at the bus stop, gave him a one pop, next one died in his car
Next one died on the fourteenth floor, it was 4:45 when they sent him to God
Reverse, pressure on the wound, someone call the meds
**** got lit, hot flame to his chest
**** still a cripple, take him off the 'net
*** PC snitches, **** victims, let these niggas have the 'net
If you won't beat your stick, then give it to lil' bro

I bet BK take a head

If you won't beat your stick, then pass it to lil' bro, uh
