

My heart bleedin'  
That's the codeine for the healin'  
We talk all truth  
When he speakin'  
That's the reason why they wanna kill him  
She takes drugs, party like The Weeknd  
And my trigger finger is my best friend  
If I cop the switchy, kill your best man  
And I got a Glock, don't need a henchman  
On some real shit, know we drill shit  
And I'll pop a nigga like a pill quick  
My clip full of medicine, he feel sick  
I feel real adrenaline, really menacing  
I get the drop and he get killed quick  
Take your top and pop it like a SEAL, bitch  
Is you ready or not nigga, don't switch  
Crodie beat up the pot, 'til he nauseous

I'm deep in the water, don't get sea sick  
Why these old niggas hatin' on me, all it take is to push a button  
Just teach him Michael Jackson how I beat it  
I love when I hear them screamin'  
I love to see a nigga bleedin'  
She said I'm evil, I'm a demon  
I don't care, I'm evil for a reason  
Please don't stay, you're better off just reachin'  
But if he reach, I'll leave him on the cement  
This bitch freaky, tryna eat my semen  
Gun on my waist, I'll pop it of and squeeze it  
If I see Jakes in the rear view, I'm speedin'  
Think he my slime, turn red, Imma sleeze him  
I'll whip a nigga nose, if he feelin' like sneezin'  
I don't go to bed late night no sleepin'

My heart bleedin'  
That's the codeine for the healin'  
We talk all truth
