I'm ridin' for my dog that's right or wrong  
All that dissin' in them songs why we gon' get a nigga gone  
Know I'm still tryna kill about it, what you niggas on?  
If I tell you hit the court tie up your laces and play ball  
And tell me would you do it  
I done lost my bros, a broken soul, don't ask me if I'll shoot it  
I done cried a thousand times but I got shots for every tear drop  
Reload and empty the clip, gon' make him feel good  
Murder in my genes, my trigger finger from my grandpa (CG, CG)

My trigger finger from my granddad (Ayo Chef)  
No one in the 25 then it's time to hit up Baghdad  
If it's Double S up out the wheels he'll do you so bad  
If we talkin' crashouts then my niggas are so crash  
If we talkin' bag counts then my niggas got more cash  
If we talkin' bad bitches then I think mine got more ass  
My opps livin' so sad, we been givin' toe tags  
Griffin dump the whole mag  
If Captain say the word I'll dump the whole thing  
And every clip say "Glock", don't do no Pro Mags  
Collect his soul then take it for a slow dance  
I'm sorry baby, I don't do the romance  
We really trained to kill, the youngins programmed (CG, CG)  
Jump out broad day, hit him, last thing that he heard was doors slam (Ayo Chef)
