

G23

Savv4x

Yeah, yeah, yeah
Savage
I'm shootin'
([?])
Yeah, yeah, yeah
Savage
Better get out the way when I'm shootin'
It's a G23, yo, yo
Better get out the way when I'm shootin'
It's a G23 with the switch on the back and it sounds like beautiful music
With the switch on the back and it sounds like beautiful music
Yo, yo, yo, yo, yo

Better get out the way when I'm shootin'
It's a G23 with the switch on the back and it sounds like beautiful music
And the clip come long, hold twenty two shot, it'll give way more than a bruising
I'm not right in the head, if I get me a drop on the opp, Lord knows I'll do it

If this dumb bitch give out the drop then I'm takin' her top, Lord knows I'll lose it
Broken bones and entry wounds, I heard that the last one went straight through him
Try to slide on the guys, are you stupid?
Man, you dumb niggas know that we do this
Man, you dumb niggas know I love shooting
All-all black when it's time for the hooping
You can still get took out your Cuban
They know that the guys so ruthless
Shot to the face, now his forehead oozing
And these niggas still mad that they're losing

Better get out the way when I'm shootin'
It's a G23 with the switch on the back and it sounds like beautiful music
And the clip come long, hold twenty two shots, it'll give way more than a bruising
I'm not right in the head if I get me a drop on the opp lord knows I'll do it
