Savv4x

I take drugs and abuse them  
She say that my aura amusin'  
My aura amusin'  
Mm, mmm, mind I lose it  
I take drugs and abuse them  
She say that my aura amusin'  
Mm

I might lose it  
I take drugs and abuse them  
She say that my aura amusin'  
I could switch up the aura I'm usin'  
Like I can switch out the gun that I'm shootin'  
Switch up the flow 'cause they leakin' my music  
If I get the drop on a opp I'ma do him  
[?] off of my zap, are you stupid?  
I'm tryna fix my heart so the drugs I'm abusin', I do them  
I'm so sorry I can't be your Cupid  
I'm so sorry I'm still tryna shoot shit  
She say sorry but Savv that you're ruthless

Stomp all over my heart, why'd you do this?  
She delusional, baby, move clueless  
I'm still OT chillin' where users  
Niggas not steppin', they shootin' computers  
Opp niggas steady tryna kill me though FaceTime  
Heard my young nigga wanna get me through the grapevine  
So I keep a big four fizz on my waistline  
Get the drop and I'm goin' right now, I don't waste time  
He was dissin' the guys 'til he blew out his whole mind  
They say that Savage can rap in a goldmine  
They say that Savage gon' blow up in no time  
That's why I'm studio trappin' like all night  
I don't feel pain in my heart, but I'm so high  
Dissin' my crodies why I roll your dead guys  
Drive through my block it's like steppin' on landmine  
Do you wanna die? I start clutchin' for these guys  
I'm a rockstar, baby  
My life crazy  
[?] in my soul so my life they wanna take it  
I cannot go 'cause I know that I'll make it  
They do not love me I know they all fakin'  
They talkin' hot get the drop and turn 'em bacon  
I got that call, my heart dropped, I couldn't take it  
Tell crodie load up the car, I'ma show 'em save me  
I got a young nigga trappin' out of a vacant  
I send him OT, he don't go on vacation

I might lose it  
I take drugs and abuse them  
She say that my aura amusin'  
I could switch up the aura I'm usin'  
Like I can switch out the gun that I'm shootin'  
Switch up the flow 'cause they leakin' my music  
If I get the drop on a opp I'ma do him
