

Villains

Savv4x

I stepped in, drippin', gun on my, hmm
(PK on the beat)

I stepped in, drippin', gun on my hip
G23 with a bopper, I'm lit
If we get the drop we gon' fill up the whip
I'm posted with villers, don't come to the strip
The car movin' fishy, the dinger get flipped
I came in with Jugo, he came for a lid
I came in with Savage, he want him a hat
G22 with the box on the back
I'm riding for brodie, you know that's a fact
Bandit beside me so how can I lack? (How)
If niggas run up, I'm letting it boom
This dumb nigga dissin' got left on the news
When they turned to my crib, I was steppin in twos
And they can't tell me shit, I won't cap in the booth
When we bendin they rip, we letting it loose
Niggas know I'm with this shit, hop out let it boom

Niggas duckin' from who?
It's a switch on the back of the G when I shoot
I could go by my ones or we steppin in groups
Pass me the keys to the dinger, I hit up lil' Melly, lil nigga, just watch w
hat he do
Yeah, I'm steppin with litty, we turn up the rip and we're twinnin' with two
22s
Turn it up and we're not leaving clues
These bitches they pick and they choose
Yo, let's go hit up the mall, this bitch gon' give that drop for some Loub
Then I take me a trip to your block tryna catch me a notch, put a boy on the
news
I didn't even up it, he divin' and duckin', that boy just ran out his shoes
I bet you he thought I was bluffin', I popped out the cut with a G42
These niggas are runnin' and duckin', like what you gon' do when I run into
you?
These fuck niggas dissin', we take niggas hats
Up off the hip, I'm lettin' it bap
Beat till' it bridge, try leave niggas flat
Fuck nigga slip, then it's gon be a hat
They slip on they rip, they ain't know bout that
He was dissin the bros and got turned to a pack
Niggas get left in their wheels, that's a fact
I load up the clip then I come to attack
