

Fast (Motion)

Saweetie

Fast, I'm coming in fast (Uh-huh)
First place, you coming in last (That's right)
I'm hitting that, hitting that gas
I'm hitting that, hitting that ass (My body)
I'm coming in fast (Uh-huh)
First place, you coming in last
I'm hitting that, hitting that gas
I'm hitting that, hitting that

Locomotion
We causing a commotion
I put it in, I put it in, I put it in motion
I put it in, I put it in, I put it in motion
Locomotion
We causing a commotion

Iciest bitch in the whole damn land
I hit the road in an all-white Lam'
I keep a fresh set up on my hands
You don't like me, but you on my 'Gram
How you look? (How you look?), how you sound, ho?
I'm a boss, I'm a brat, hard to handle
I'm a real life mood, a real life mose
Got some pretty-ass toes in my sandals

I can't help I was born like this
Ain't my fault that you want my drip
Little bitter bitch could have been my friend
Now you gotta listen while I pop my shit

Fast, I'm coming in fast (Uh-huh)
First place, you coming in last (That's right)
I'm hitting that, hitting that gas
I'm hitting that, hitting that ass (My body)
I'm coming in fast (Uh-huh)
First place, you coming in last
I'm hitting that, hitting that gas
I'm hitting that, hitting that

Locomotion
We causing a commotion
I put it in, I put it in, I put it in motion
I put it in, I put it in, I put it in motion
Locomotion
We causing a commotion

Rule number one, never be number two
Got the candy apple whip, hit the gas, then I zoom
Mad 'cause I'm rich and I'm young and I'm cute
All eyes on me when I step in the room
Why you stay with my name in your mouth, ho?
Don't your ass get tired? That's a mouthful
Wanna wear my jewels and sip my juice
Need a couple Cuban links with some big bamboos

I can't help I was born like this
Ain't my fault that you want my drip

Little bitter bitch could have been my friend
Now you gotta watch while I win, win, win

Fast, I'm coming in fast (Uh-huh)
First place, you coming in last (That's right)
I'm hitting that, hitting that gas
I'm hitting that, hitting that ass (My body)
I'm coming in fast (Uh-huh)
First place, you coming in last
I'm hitting that, hitting that gas
I'm hitting that, hitting that

Locomotion
We causing a commotion
I put it in, I put it in, I put it in motion
I put it in, I put it in, I put it in motion
Locomotion
We causing a commotion

My back is aching, my bra too tight
You mad as hell that I shine so bright
My back is aching, my bra too tight
Ass jiggling, I know that's right
My back is aching, my bra too tight
You mad as hell that I shine so bright
My back is aching, my bra too tight
Ass jiggling, I know that's right
Put it in motion
Put it in motion
Put it in motion
Put it in motion
