

# Feels

Saweetie

I feel amazing, oh my  
Is that you playin' in my mind?  
Oh, what a crazy design  
You got me hypnotized and mystified

Love that sound  
Way low down  
Take me both feet off the ground  
Oh, so fine (Oh, so fine)  
I don't mind  
'Cause I like the way it feels  
'Cause I like the way it feels  
'Cause I like the way it feels

I feel amazing, that's why  
I want to ride it till sunrise  
I'm feeling wavy, I like  
I think it's gonna be tonight  
Make me whole, lose control  
Take it straight down to my soul  
In so deep, now we're free  
Never look before we leap

Love that sound  
Way low down  
Take me both feet off the ground  
Oh, so fine (Oh, so fine)  
I don't mind  
'Cause I like the way it feels  
'Cause I like the way it feels  
'Cause I like the way it feels

Better known as the Blaisian mami  
Had to put the Hen' down, now we drinkin' sake  
One sip, two sips, he got me  
I'm center of attention, he love to watch me  
I'm at the top, they below, that's that  
Get straight to the point, I ain't with the chit chat  
He hear, "PURR", that's a fat Hellcat  
If I take him on a ride, he gon' get whiplash  
I like it, you love it TMZ, yeah, when we in public  
Hands on me, come touch it, touch it  
I need the vibes, no need to lie  
We overseas like, "Konnichiwa"  
Made me run it back another time, because I like the way it feels

'Cause I like the way it feels  
'Cause I like the way it feels  
You know, you know I like it  
You know I cannot hide it  
You got me so excited

Love that sound  
Way low down  
Take me both feet off the ground  
Make me rhyme, take me high  
I don't mind

'Cause I like the way it feels
