

HANDLE MY TRUTH

Saweetie

I never said I was perfect, yeah, yeah (Yeah)
(1500 or nothing)
Aight, let's get to it then
Yeah, I wanna know
Can you handle my truth? Yeah, yeah

Can you handle my truth even when they misrepresent you?
Money stems from the devilish fruits
Will you make me feel bad if I told you the niggas I smashed?
We get into it, will you bring up my past?
Can I tell you my dreams and nightmares from the things I done seen?
Ups and downs, everything in between
If I get up and leave
You gon' chase me or let me go?
Even after you grab me up and I say, "Let me go"
Yeah, I wanna know

Can you handle my truth? Yeah, yeah (Tell me)
Yeah, I wanna know
Can you (Can you), handle my truth? Yeah, yeah
(I never said I was perfect)

Will you care if I'm bored the wins come?
Are we keepin' the score? My bag bigger, will you feel insecure?
You respectin' my space, I move slow
Why you rushin' my pace? I move fast, are you slowin' me down?
Wanna dig up my file, understand why I'm where I'm at now
And why I choose to fight pain with a smile
Are you here for the tokens or to interfere with my focus? (Stand with me)
Or stand on my shoulders? You got love for the homeless?
'Cause I once was that
You fuck up, will you fight to get my trust back?
If I flip and cuss you out, will you cuss back?
Boy, you better 'cause a pretty bitch like that
Yeah, I wanna know

Can you handle my truth? Yeah, yeah (Tell me)
Yeah, I wanna know
Can you (Can you), handle my truth? (My truth), yeah, yeah
(I never said I was perfect)

I dare you to tell the truth, I dare you to tell the truth (Yeah, yeah, yeah)
)
I dare you to tell the truth, I dare you to tell the truth (Yeah, yeah, yeah)
)
Yeah, I wanna know
I dare you to tell the truth, I dare you to tell the truth (I dare you)
I dare you to tell the truth, I dare you to tell the truth (I dare you)
Yeah, I wanna know
Can you handle my truth? Yeah, yeah
Yeah, I wanna know
Can you (Can you), handle my truth? Yeah, yeah
I never said I was perfect
Yeah, I wanna know
Wanna know
Wanna know
Wanna know

Wanna know
Yeah, I wanna know
I dare you to tell the truth, I dare you to tell the truth (I dare you)
I dare you to tell the truth, I dare you to tell the truth
Yeah, I wanna know
