

My Best

Saweetie

Do my nails make you nervous?
Best, best, best
Lookin' and feelin' my best, best, best (Best)

Ride fast, sip slow, 40 inch weave, that wind blow
Muaddi got me on my tiptoes
You dusty hoes need a lint roll
How I be mindin' my business but still be the topic of your conversation?
I had to fall back for a second, embrace it
Ask how I'm doin', I'm feelin' amazing
I don't like small talk, I like big bags
I keep my nails long and they be big mad
Yeah, just got off the phone with my pops
He said, "Man, fuck all the opps"
They trippin' off you, they want what you got, you wanted this life, you know what it cost
So what do it cost?
It cost me a lot
It cost me some friends, it cost me some Ms, like when do it stop?
I sacrificed everything, takin' a chance and look what we got
I'll do it again and again and again, I'm takin' my shot
Swish, bitch

I'm doin my best, best, best
Lookin' and feelin' my best, best, best
But you don't deserve my best, best, best
Look too good and I know it
Ain't love me at my lowest, uh
So you don't deserve my-

Time, attention, or money
How many fakin' to get something from me? No really, I sit back and wonder
Wonder if I'm still the same
Or is it the money to blame?
You left as soon as I needed you most, you bitches can't handle my pain
So you don't deserve my best
I gotta reassess
I'd rather do it myself than blame other people and be upset
Hoes synthetic, they just A.I.
Change the game up like I'm A.I.
Bitch, I always knew one day I have it all, no regrets
Needless to say

I'm doin my best, best, best
Lookin' and feelin' my best, best, best
But you don't deserve my best, best, best
Look too good and I know it
Ain't love me at my lowest, uh
So you don't deserve my best, best, best
Lookin' and feelin' my best, best, best
But you don't deserve my best, best, best
Look too good and I know it
Ain't love me at my lowest, uh
So you don't deserve my best
