

# All I Want Is You

Sawyer Brown

It's in the way you look at me  
You must see something I don't see  
But I'm a man and I can say  
I'd be half a man if you went away  
Standing here by your side  
What I feel when I look in your eyes

All I want is you  
You're the dream for me that just keeps coming true  
Don't you know you loving me is everything that I need  
All I want is you  
All I want is you

I even love the way you say my name  
It's the little things that make me feel this way  
You make every day better and if I can  
I want you to understand  
Why you are my every need  
Want you to know  
With every breath that I breathe

All I want is you  
You're the dream for me that just keeps coming true  
Don't you know you loving me is everything that I need  
All I want is  
All I want and All I need  
Me with you, you with me  
Against the wind against the odds  
Standing strong through it all

All I want is you  
You're the dream for me that just keeps coming true  
Don't you know you loving me is everything that I need  
All I want is you  
All I want is you
