

# Garage Band

Sawyer Brown

Girls they sit and listen  
and they wink and wiggle  
And they like to sing too  
in my garage, in my garage band  
We're here on a mission  
Jammin' with the fellas  
Maybe get a hit song  
in my garage, in my garage band

And it's John, Paul, Elvis and me  
We play and we sing  
Yeah yeah yeah, yeah yeah yeah  
and the neighbors say we're way too loud  
They'll call the militia if we don't turn down  
We just say whatever it takes  
Publicity might be our break  
In my, in my garage  
In my garage band

We'll be rich and famous  
Hollywood's a waitin'  
Singin' on a talk show  
in my garage, In my garage band  
Go behind the music  
I'll tell 'em how it started  
Just me and my guitar  
In my garage, in my garage band

And it's John, Paul, Elvis and me  
We play and we sing  
Yeah yeah yeah, eah yeah yeah  
and the neighbors say we're way too loud  
They'll call the militia if we don't turn down  
We just say whatever it takes  
Publicity might be our break  
In my, in my garage  
In my garage band

We ain't doin' nothin' wrong  
We're just the boys in the band  
Here's a little message  
That I hope you understand

And it's John, Paul, Elvis and me  
We play and we sing  
Yeah yeah yeah, eah yeah yeah  
and the neighbors say we're way too loud  
They'll call the militia if we don't turn down  
We just say whatever it takes  
Publicity might be our break  
In my, in my garage  
In my garage band
