

## It's Hard to Keep a Good Love Down

Sawyer Brown

It's hard to think of leavin' without ya  
You've been so true how can I doubt your love  
Sometimes I see too much of ya  
And other times I just cant see enough  
But I still got some change a comin'  
From a dollars worth of dime store lovin'  
What's done and said has all been said and done

Oh, It's hard to keep a good love down  
Oh, It's hard to keep a good love down  
So hard to keep believing  
So hard to keep from leavin'  
But we only go so far  
Cause' we both know that it's hard  
To keep a good love down

The Spell we're under I'll never get over  
The closer we get the more the fire burns  
My hearts in deep over my head  
It's just a simple case of love and learn  
Whoa but I still got some change a comin'  
From a dollars worth of dime store lovin'  
What's done and said has all been said and done

Oh, It's hard to keep a good love down  
Oh, It's hard to keep a good love down  
So hard to keep believing  
So hard to keep from leavin'  
But we only go so far  
Cause' we both know that it's hard  
To keep a good love down
