Could I lean on you Leona  
could I rest here for a while  
could I lean on you Leona  
please help me make another mile

Could I lean on you Leona  
would you help me till I'm strong  
Could I lean on you Leona  
till I can make it on my own

Well, you have been my rock for ages  
your the only truth I've ever found  
and every time I stumble  
you pick me up on my way down

Well you've been my sanctuary  
you've been my heaven in the storm  
and I've always found a shelter  
here inside your lovin' arms

Could I lean on you Leona  
could I rest here for a while  
could I lean on you Leona  
please help me make another mile

Could I lean on you Leona  
would you help me till I'm strong  
Could I lean on you Leona  
till I can make it on my own

You have always been my sunshine  
when I'm running from the rain  
well I know I'm waving at my welcome  
this one more time please ease the pain

Could I lean on you Leona  
could I rest here for a while  
could I lean on you Leona  
please help me make another mile

Could I lean on you Leona  
would you help me till I'm strong  
Could I lean on you Leona  
till I can make it on my own

Could I lean on you Leona  
could I rest here for a while  
could I lean on you Leona  
please help me make another mile
