

# My Baby Drives A Buick

Sawyer Brown

Rubber necks starin' at the long nose runner parked beside this  
old GMC  
Bright light burnin' but the girl ain't a sayin'  
Nothin' she don't want to say  
You think that you've got trouble and you think that you been t  
hrough it  
But you ain't seen nothin' till your baby drives a Buick

My baby drives a Buick  
My baby drives a Buick  
You think that you've been through it But you ain't seen nothin'  
' till your baby drives a Buick

Slow down sally there's a boulder in the alley and it's lookin'  
like a no u-turn  
I'm scared to death lord I'm holdin' my breath, it looks like w  
e're gonna get burned  
I crossed my heart, I said a prayer, she said ain't nothin' to  
it  
But you can never tell when your baby drives a Buick

You know I could of went steady with a girl in a Chevy  
I almost went back with a lady in a Cadillac  
A Shirley in a pearly white Bonneville  
Ain't the way I go around gettin' my thrills 'cause
