

# Perfect World

Sawyer Brown

I met a little girl  
and she liked me  
She kissed me soft  
and I gave her my ring  
Love was new and things were lookin' up  
so I put her name on the front of my truck  
In a perfect world  
In a perfect world

In a perfect world  
when boy meets girl  
they spin and dance  
like a tilt-a-whirl  
Top of the ferris wheel  
a cotten candy kiss  
Yeah, a perfect world feels just like this  
Hey It's a perfect world with me and you  
Hey it's a perfect world ah ooh  
Ain't nothing better than when you take my hand  
It's never never land  
Oh Oh Oh it's a perfect world

We went to the sonic and we rode around town  
with the radio up and the windows down  
when she held my hand it felt so real  
we ended up parkin' on lovers hill  
In a perfect world  
In a perfect world

In a perfect world  
when boy meets girl  
they spin and dance  
like a tilt-a-whirl  
Top of the ferris wheel  
a cotten candy kiss  
Yeah, a perfect world feels just like this  
Hey It's a perfect world with me and you  
Hey it's a perfect world ah ooh  
Ain't nothing better than when you take my hand  
It's never never land  
Oh Oh Oh it's a perfect world

Hey It's a perfect world with me and you  
Hey it's a perfect world ah ooh  
Ain't nothing better than when you take my hand
