

Tryin' to Find (A Way to Make It Last)

Sawyer Brown

He keeps his mouse ears hangin' on the post of his bed
So he can put em on and live it all again in his head
All the rides and parades it was such a great day
Now my little man won't let it go he's

Tryin' to find a way to make it last
Tryin' to make it last forever
It's a matter of time, if you seek you will find a way to make
it last

I brought you flowers and you knocked me out with that first ki
ss
We said forever, we would have a love like this
And if you'll take a look in the guiness book
We'll go down in history

Tryin' to find a way to make it last
Tryin' to make it last forever
It's a matter of time, if you seek you will find a way to make
it last

I talked to an old man and he'd been down on his knees,
Said he learned who to turn to
And where it all leads

Tryin' to find a way to make it last
Tryin' to make it last forever
It's a matter of time, if you seek you will find a way to make
it last

Tryin' to find a way
Tryin' to find a way to make it last
Tryin' to find a way to make it last
We're all tryin' to find a way to make it last
