

Wide Open

Sawyer Brown

I can hear the wheels turnin' out there in the rain
I'm gonna keep on makin every line
I'm rollin' down the window and I'm callin' out your name
Baby it's been too long coming, my love is an engine runnin'

Wide Open

I'm gonna ride and keep my wheels in motion
Well if I crash and Burn
Well sometimes hearts get broken
Runnin' wide open

I want to feel the way it feels to push it to the wall
Let's see what this thing can really do
When it comes to havin' you I'd gladly risk it all
I'm gonna put my whole heart in it
And tonight I'm gonna blow the limit

Wide Open

I'm gonna ride and keep my wheels in motion
Well if I crash and Burn
Well sometimes hearts get broken
Runnin' wide open

Tonight there's only one way left to go
One way left to go
I'm bringing you my pure emotion, full devotion
