

# Any Of My Trouble

Sawyer Fredericks

Darling you're leaving  
Me  
I see it in your eyes  
No you ain't coming back

So take me away my darling  
Take me away my darling  
Just take me away  
Take me away

'Cause I've been here for  
Way too long  
'Cause I've been here for  
Way too long

So set my heart down in the cold  
Let it freeze so I will know  
How it feels to be shattered  
When you go

'Cause I know  
You never wanted  
Any of my troubles  
'Cause I know  
You never wanted  
Any of my love

So take me away my darling  
Take me away my darling  
Just take me away  
Take me away

'Cause I've been here for  
Way too long  
'Cause I've been here for  
Way too long

So set my heart down in the cold  
Let it freeze so I will know  
How it feels to be shattered  
When you go

'Cause I know  
You never wanted  
Any of my troubles  
'Cause I know  
You never wanted  
Any of my love

So take my love when you go  
Take my broken heart, just know  
Just know it was real  
Just know it was real

'Cause I know  
You never wanted  
Any of my troubles

'Cause I know  
You never wanted  
Any of my love  
'Cause I know  
You never wanted  
Me
