

# Stalker

Sawyer Fredericks

I love the way you walk  
It's like the way I stalk  
We got loads to talk about

Oh and your best friends  
Well I just met them  
We got loads in common now

Can't you see how  
In love I am  
Such a shame we haven't met  
Can't you see how  
Much in common we have  
True love should not be  
Questioned

Won't you please  
Kindly be with me  
I need your love  
To be happy  
Won't you please  
Kindly be with me  
I need your love  
To be happy

And this is just my typical plan  
I'll switch even if it don't land  
And you'll be mine before you know it

Cause I'm no stranger to rejection  
I'll listen to the things you mention  
I'll change my dimensions  
To your liking

Can't you see how  
In love I am  
Such a shame we haven't met  
Can't you see how  
Much in common we have  
True love should not be  
Questioned

Won't you please  
Kindly be with me  
I need your love  
To be happy  
Won't you please  
Kindly be with me  
I need your love  
To be happy

Can't you see how  
In love I am  
Such a shame we haven't  
Met
