This Fire

Sawyer Fredericks

And all the lies tell me a story
Truth and the lies you've been told
There goes the night
There'll be another
So darlin' you don't have to go

We will, oh we will
Step out of the light and live like shadows
And where you go, I'll follow
And I won't be no trouble
I'll be the spark that feeds your fire
And watch your flames grow higher
And I won't, no I won't let this fire go out

All that was lost, for all that was broken
I'll find a way to make up for your pain
I know it's hard to rebuild these ruins
But think of the life we could make

We will, oh we will
Step out of the light and live like shadows
And where you go, I'll follow
And I won't be no trouble
I'll be the spark that feeds your fire
And watch your flames grow higher
And I won't, no I won't let this fire go
I won't, I won't let this fire
