

## Back in 79

Saxon

It was back in '79  
When we rode the mighty tide  
It swept across the world  
We came together

We never stood alone  
Wherever we did roam  
This legacy of rock  
Would last forever, yeah

R: Show me your hands  
Show me your hands  
Raise up your hands  
Deliver me

Defenders of the faith  
To you this vow we make  
When our back's against the wall  
We'll not surrender

You may be young or old  
There's no difference at all  
Just raise your glasses high  
And sing our song

R: (2x)

It was back in '79  
When we rode the mighty tide  
The music will go on  
And never die
