

Speed King

Saxon

Good Golly, said little Miss Molly
When she was rockin' in the house of blue light
Tutti frutti, oh, so rooty
Rockin' to the east and west
Lucille was oh, so real
When she didn't do her daddies will
Come on baby, drive me crazy, do it, do it!

I'm a speed king, you go to hear me sing
I'm a speed king, see me fly

Saturday night and I just got paid
Gonna fool about ain't gonna save
People gonna rock some people gonna roll
Gonna have a party to save my soul
Hard headed woman and a soft hearted man
They been causing trouble since it all began
Take a little rice, take a little beans
Gonna rock and roll down to New Orleans

I'm a speed king, you go to hear me sing
I'm a speed king, see me fly
