

# Thunderbolt

Saxon

Cerberus in the underworld  
Guards the gates of hell  
Protects the world of Hades  
Where the dead must dwell  
The gods look down in anger  
On this wicked land  
The battle of the Titans  
Will be the final stand

Unleash the gods of war

Thunderbolt  
Father of the sky  
Thunderbolt  
The gods have sent a sign

Zeus is in the heavens  
Watching from the sky  
The gods are on Olympus  
Waiting for a sign  
The Kraken rise below them  
Titan of the sea  
Calling for Poseidon  
To set the chaos free

Unleash the gods of war

Thunderbolt  
Father of the sky  
Thunderbolt  
The gods have sent a sign  
Thunderbolt  
Clashing from the sky  
Thunderbolt  
Hear the heavens cry

Heavens cry  
Heavens cry

Master of the heavens  
Ruler of the sky  
Homer writes the Odyssey  
About the gods on high  
Ancient Greek mythology  
Tells tales of spite and greed  
The vanity that comes through power  
Never should succeed

Unleash the gods of war

Thunderbolt  
Father of the sky  
Thunderbolt  
The gods have sent a sign  
Thunderbolt  
Tearing past the sky  
Thunderbolt

Hear the heavens cry
