

Alive with the Glory of Love

Say Anything

When I watch you, wanna do you, right where you're standing...yeah.

Right on the foyer, on this dark day, right in plain view...oh, yeah...

Of the whole ghetto, the boot-stomped meadows, but we ignore that, yeah.

You're lovely, baby. This war is crazy, I won't let you down...oh, no no...

No, I won't let them take you, won't let them take you...Hell, no no...

Oh, no...I won't let them take you, won't let them take you...Hell, no no...

No, oh no, no, no...

And when our city, vast and shitty, falls to the Axis, yeah...

They'll search the buildings, collect gold fillings, wallets, and rings...oh, yeah.

But oh miss black eyeliner, you'd look finer with each day in hiding, oh yeah...

Beneath the wormwood, ooooo, love me so good...

They won't hear us screw away the day.

I'll make you say:

"Alive! Alive! Alive with love, alive with love tonight..."

"Alive! Alive! Alive with love, alive with love tonight..."

(No, I won't let them take you, won't let them take you...Hell, no no...

Whoa, no...I won't let them take you, won't let them take you...Hell, no no...)

Our Treblinka is alive with the glory of love...

Treblinka is alive with the glory of love! Yeah!

(Ok, speed it up...Go!)

Should they catch us and dispatch us to those separate work camps,

I'll dream about you. I will not doubt you with the passing of time...Oh, yeah.

Should they kill me, your love will fill me as warm as the bullets, yeah.

I'll know my purpose. this war was worth this. I won't let you down...

No, I won't...

No, I won't...

No, I won't...

(Alive! Alive! Alive with love, alive with love tonight...)

Hell no, no...Whoa, no, I won't let them take you, won't let them
take you....Hell, no, no.

No! No!
