

The Fritz

Say Hi To Your Mom

The computer's on the fritz,
I got a million hits, yeah
Somebody aimed for the door,
Somebody called for the whore.

Until the mainframe breaks again,
And the good guys get the better.
And take the pill of forever when.
Well, the missions coming to it's end.

Don't anybody sneeze,
Their guns are filled with bees,
We're gonna make a run for the static,
'cuz it will get us to where we need to go.

Until the mainframe breaks again,
And the good guys get the better,
And take the pill of forever when
Well, the missions coming to it's end.
Look out now
