

# I'm Still Waiting

Saybia

Should have known better  
Should have known you  
Should have known comfort  
Should have known peace

I'm still waiting, waiting for you  
You to come back, out of the blue  
I'm still waiting, waiting for you  
You to come back, out of the blue

I've never learned balance  
I've never learned trust  
I've never learned sharing  
Or how to let go

I'm still waiting, waiting for you  
You to come back, out of the blue  
I'm still waiting, waiting for you  
You to come back, out of the blue

I'm still waiting, waiting for you  
You to come back, out of the blue  
I'm still waiting, waiting for you  
You to come back, out of the blue

Come back, hold on, carry me home  
Come back, hold on, carry me home  
Come back, hold on, carry me home

I'd hold on, carry me home  
I'd hold on, carry me home  
I'd hold on, carry me home

I'm still waiting, waiting for you  
You to come back, out of the blue  
I'm still waiting, waiting for you  
You to come back, out of the blue
