

Honey, I know I was wrong
To ever think that you'd put up with me this far on
Honey, I know you were too
Did you really think I'd somehow change myself for you?

But that's just how it goes
(That's just how it goes)
Oh, oh, oh, that's how it goes

And honey, I miss you so bad
Yeah all my days are empty 'cause I know you won't come back
Now honey, I just wish you knew
Every single little thing I'd change about myself for you

But that's just how it goes
(That's just how it goes)
Oh, oh, oh, that's how it...

'Cause I didn't think you would actually leave me, no
I didn't think this one through
I always thought you'd be right there to hold me
But I guess that just ain't true

You're still everything to me
You'll always be the love of my life
And if you need your heart back from me
Just know that you ain't takin' mine
'Cause there ain't no heart left for you to find
Left for you to find

(Honey, honey, honey...)
(Honey, honey, honey...)
(Honey, honey, honey...)

Honey, I wish you the best
But actually, I wish you that you still loved like back then
Honey, hope you'll be okay
'Cause ever since you left I haven't been but that's okay

Because that's just how it goes
(That's just how it goes)
Oh, oh, oh, that's how it...

Honey, I wish I'd forget
Because no matter where I go I still just feel you in my chest
Are you back in north LA
Has he asked you out for coffee yet, you know, the one I hate

'Cause I didn't think you would actually leave me, no
I didn't think this one through
I always thought you'd be right there to hold me
But I guess that just ain't true

You're still everything to me
You'll always be the love of my life
And if you need your heart back from me
Just know that you ain't takin' mine

'Cause there ain't no heart left for you to find
Left for you to find
To find
To find
No heart left for you to find
To find
To find

(One, two, three, four)
Honey, said all I can say
Without you in my life my life will never be the same
And honey guess our chapter's done
I really meant it that I thought you were the one

But that's just how it goes
Oh, oh, oh, that's how it goes

Honey, I will make you proud
I'll sing these songs alone for you to hundred thousand person crowds
And if this really is the end, end
You'll always be my greatest friend
