

Never Be Alone

SayWeCanFly

You said we're one in the same cause we both feel hollow
We fell in love with the pain down to the bone
I believe, I believe there's something better
Yeah, there's something better than this
Don't leave, don't leave me here forever
(Yeah, I don't wanna exist)

In the darkness
Be the light that guides me home
Through the darkness
No, we'll never be alone

(No, we'll never be alone
No, we'll never be alone)

Anxiety is now a past time, I know that
Been trying everything, I cannot get my head back
I don't see color in my world, that's why I wear black
Now everybody is scared of me
I still got the feeling there's something I missed
Cause there's gotta be something better than this
I'm feeling so empty, so tired of the shit
Digging my grave, not finding my place, I'm alone again

In the darkness
Be the light that guides me home
Through the darkness
(Why do I still feel so alone
So alone, so alone)

Why do I still feel so alone
Why do I still feel so alone

Where can I go, where can I run to
I'll never know because I don't want to!

(I don't want to exist)
In the darkness
Be the light that guides me home
Through the darkness
No, we'll never be alone
No, we'll never be alone

Where can I go (I never gave enough for anyone)
Where can I run to (Other than you)
I'll never know (I never gave enough for anyone)
Because I don't want to

Where can I go (I never gave enough for anyone)
Where can I run to (Other than you)
I'll never know (I never gave enough for anyone)
For anyone (We'll never be alone)
We'll never be alone
