

Bazinga

SB19

Every day, I think the load gets heavy
Throw it away, the world unloads hostility
Is there away to break the curse and stop this now

I'm going home
Then I'll cry alone
Don't you worry
Soon, I'll be gone

Psyche!

Bazinga!
Hate nyo'y gasolina
Yeah, I'm fire I linger
Dare you to turn up the heat
And I'll burn y'all till I die
Yeah, Bruce be proud
I'm water
Moves, they stagger
Wattah!
Buzz killer, I'm killing your buzz
So get the hell out!

Clown!
Who's the boss now?
I just turned the world upside down
Now, y'all can quit thinking cos you won't know how
I did it, bounced and kicked it
Roundhouse
Ya Ya!

Don't you see don't you see
This is my legacy legacy
Now, how y'all gonna get to me get to me
When I got the almighty with me
The bibidi babidi boo

Everyday, I think the load gets heavy
Throw it away, the world unloads hostility
Is there a way to break the curse and stop this now

Go throw a stone
It might break a bone
But be wary because I won't condone

Bazinga!
Hate nyo'y gasolina
Yeah, I'm fire I linger
Dare you to turn up the heat
And I'll burn y'all till I die
Yeah, Bruce be proud
I'm water
Moves, they stagger
Wattah!
Buzz killer, I'm killing your buzz
So get the hell out!

Look at you
Look at you

Look at you
Look at you

Look at you
Peek a Boo
Pick a boo-boo
I'mma beat you
Even if I didn't learn Kung Fu
1 2 punch ooh
You're lucky cos I over did it
Had to say that "2"

Not a mob, just a psycho
I'mma keep it low
Guess you know that I am the one
I dare you to double 0

Lemme get this straight
Just got a few more words to say
Defibrillator to your ear
Til I won't have to say
"Clear"

Bakit ba hilig nyo mamuna
Masakit na sa tenga pag nagbara (urasai)
Wag mag-alala lahat tanda ko pa (wasurenai)
Lahat ng mga pambahirang natamasa
Naku pasensya na

Last time, I thought I already
Told you that I'm always ready
Come on and test me, you know
Nothing's gonna stop me
Bring it all out now

All doors are close
And no light unfolds
So I'll break the dawn in my home

Bazinga!
Hate nyo'y gasolina
Yeah, I'm fire I linger
Dare you to turn up the heat
And I'll burn y'all till I die
Yeah, Bruce be proud
I'm water
Moves, they stagger
Wattah!
Buzz killer, I'm killing your buzz
So get the hell out!

Look at you, look at you
Look at you, look at you
Look at you, look at you
Look at you, look at you
