

## Silence

SBB

You wanna fly to escape time find a way  
Out of your life still feel your eyes watching me  
Don't you ever be alone alone alone again  
Don't you ever be apart apart apart from me  
Silent eyes like a yellow painted bird singing  
Silent clouds like the beauty of your mind dreaming  
Silent sky when i see your smiling face my girl, my girl  
Silent flights like a rider in the sky dancing

You wanna try so many times to be yourself  
follow my way i'll help you feel you hear me say  
Don't you ever be alone alone alone again  
Don't you ever be apart apart apart from me  
Silent dreams like a yellow painted bird singing  
Silent night like the beauty of your mind dreaming  
Silent spark when i see your smiling face my girl, my girl  
Silent life like a rider in the sky dancing
