

## D DOUBLE E INTERLUDE

SBTRKT

I've got the cure and the remedy  
Got to protect my energy  
Got no love for the enemy  
People think there's ten of me  
At nighttime, man are lurking  
Looking for the food, man are searching  
Yeah, I'm puttin' that-  
Yeah, when they're sleepin', I'm puttin' that work in

Bidabopbop  
Oh my God

Yeah, when I'm on the hunt, there's no sound  
I got the big boy tre pound  
Run a man down like a Greyhound  
Lick a man down, makes him stay down  
Now tonight, men are play 'round  
Now tonight, men are play 'round  
My turf, this is my town  
Yeah, this is my playground

I've got the cure and the remedy  
Got to protect my energy  
Got no love for the enemy  
People think there's ten of me  
At nighttime, man are lurking  
Looking for the food, man are searching  
Yeah, I'm puttin' that-  
Yeah, when they're sleepin', I'm puttin' that work in
