

## FORWARD

SBTRKT

Baby, gotta get yourself together (Yeah)  
Pushin' it, through the shit  
Movin' till you good and it's forward, forward  
Keep on pushin' it, movin' till we good and it's forward, forward  
Till we get right back, yeah

I'm just tryna need somebody  
(I might just need somebody out there)  
(Tryna just need somebody)  
Trying to be somebody, yeah  
(I might just need somebody out there)  
Keep on pushin' it, movin' till we good and it's forward

I might just need somebody  
(Trying to)  
Trying to be somebody  
Keep on pushin' it, pushin' till we move and it's forward  
Keep on pushin' it, pushin' till we good and it's forward  
Till we get it right back, yeah

Hope you understood, right beside you through the woods  
Pushin' till we good, pushin' till we good  
Hope you understood, right beside you through the woods  
Keep on pushin' it, movin' till we good and it's
