

## War Drums

SBTRKT

We danced into a forest  
With love at our feet  
I'll wait, I'll wait  
For the chorus to come with the beat  
My heart is beating for you  
It wants to give you it all, oh

I leave mine to no one that  
I leave my empty morals to  
My heart is beating for you  
It wants to give you it all, oh
