Back Alive

Scapegoat Wax

Sleepless, I sit,
Wait for the sun to arrive,
This is my shit,
You cannot take it this time,
The clock strikes six,
My eyes are still open wide,
I watched it die,
I watch it come back alive

My name's Marty James,
I'm from Chico CA,
I'm a Leo,
I'm riding on a runaway train,
I've been lookin' for a long time in the wrong place,
Been lookin' for the sunshine in a dark space,
Now it's on,
And I'm catching my breath,
Just me and my SP are left,
And we can see things,
My dreams are not bling-bling,
My faith in this is shrinking,
You wanna know about the Chico streets,
You wanna know what happened with Mike D.,
You wanna know who I'm trying to be,
Do I rap or do I think,
Scapegoat with a triple sleep

Let me tell you what I'm going to do boy,
Let me tell you what I'm going to do
Let me tell you what I'm going to do boy,
Let me tell you what I'm going to do
Let me tell you what I'm going to do boy,
Let me tell you what I'm going to do
Let me tell you what I'm going to do boy,
Let me tell you what I'm....

Restless I sit,
Wait for my time to arrive,
This is my shit,
You will not take it this time,
I won't forget,
My eyes are still open wide,
I watched it die,
I watch it come back alive
