Scarlet Pleasure

Yo

Every time I wake up  
It's pretty hard to keep up  
Everything's a quick fix  
But nothing ever gets fixed

Just to look in the mirror plus  
To deal with the pressure of not  
Doing something fun and exciting  
There's always a level up  
Fish in the sea and whatnot  
Honestly though it can get frightnin', yeah

Watch the world go by  
Watch the clouds go by, I'ma  
I'ma get this right  
No more plastic nights, nights  
I'm so good here in my bubble  
Staying out of trouble  
I'm so good here in my bubble  
Staying out of trouble

(I'm so good here in my bubble  
Staying out of trouble  
I'm so good here in my bubble  
Staying out of trouble, yeah yeah yeah yeah)
