

Lost

Scarlet Pleasure

I'm lost
I'm lost
I'm lost

Far away
Far from you
Yeah I've gone
Off the rails
I always do
Swear I could
Use someone to pull me down
Get my mind back on the ground
Used to feel you hold me tight
Now every night's a lonely night

I'm lost
Lost without you
I'm lost
Lost without you
Me and you we used to go all in
Suddenly everything's falling
Everywhere I hear your voice calling
When I realise you're not there

I'm lost
I'm lost
I'm lost
I'm lost

Far away
Far from you
Yeah I've gone
Off the rails
I always do
Swear I could
Use someone to pull me down
Get my mind back on the ground
Used to feel you hold me tight
Now every night's a lonely night

I'm lost
Lost without you
I'm lost
Lost without you
Me and you we used to go all in
Suddenly everything's falling
Everywhere I hear your voice calling
When I realise you're not there

I'm lost
Lost without you
I'm lost
Lost without you
Me and you we used to go all in
Suddenly everything's falling
Everywhere I hear your voice calling
When I realise you're not there

I 'm lost
I 'm lost
I 'm lost
I 'm lost
