

Reflection

Scarlet Pleasure

I look at you, I see my reflection
Three levels deep, this is inception
Baby girl time is wasted with me
So much better places to be
I look at you, I see my reflection
One of these days, I'm gonna get healthy
Clean up the mess, the mess that we made
One of these days, I'm gonna get wealthy
Buy a new home, but don't throw any shade

Oh-oh-oh-oh-oh, I feel it all over
(Hey, hey, hey, hey, hey)
Oh-oh-oh-oh-oh
I don't wanna get older
Like an [?]
One for the devil, and the devil in me
Oh-oh-oh-oh-oh, I don't wanna get older

I look at you, I see my reflection
Three levels deep, this is inception
Baby girl time is wasted with me
So much better places to be
I look at you, I see my reflection
One of these days, I'm gonna get healthy
Clean up the mess, the mess that we made
One of these days, I'm gonna get wealthy
Buy a new home, that don't throw any shade

Oh-oh-oh-oh-oh, I can feel it all over
(Hey, hey, hey, hey, hey)
Oh-oh-oh-oh-oh, I don't wanna get older
Like our body's a landfill
Give us some advil
One for the devil, and the devil in me
Oh-oh-oh-oh-oh, I don't wanna get older

Baby girl time is wasted with me
There are so much better places to be
I look at you, I see my reflection
One of these days, I'm gonna get healthy
Clean up the mess, the mess that we made
One of these days, I'm gonna get wealthy
Buy a new home, that don't throw any shade

Oh-oh-oh-oh-oh, I can feel it all over
(Hey, hey, hey, hey, hey)
Oh-oh-oh-oh-oh, I don't wanna get older
