

Somebody Else

Scarlet Pleasure

I'm with you
Say you want me too
Say that you don't luh luh luh luh luh luv
Somebody else

I had a vision
Only you in it
Dizzy dizzy thoughts nonstop
Nobody better
I don't want nobody else

And I get that get that
Ooooooh ooooooh ooooooh
It can be hard to be with me
And get that
You might rather be
With somebody else

But I'm with you
Say you want me too
Say that you don't luh luh luh luh luh luv
Somebody else
Cause I'm with you
Say you want me too
Tell me tell me you're not thinking 'bout some
Somebody else

Please little baby
Don't be a stranger
I'm itching itching for your love
You're so familiar
I don't want nobody else

And I get that get that
Ooooooh ooooooh ooooooh
It can be hard to be with me
And get that
You might rather be
With somebody else

But I'm with you
Say you want me too
Say that you don't luh luh luh luh luh luv
Somebody else
Cause I'm with you
Say you want me too
Tell me tell me you're not thinking 'bout some
Somebody else

I had a vision
Only you in it
Dizzy dizzy thoughts nonstop
Nobody better
I don't want nobody else

Cause I'm with you
Say you want me too

Say that you don't luh luh luh luh luh luv
Somebody else

Cause I'm with you
Say you want me too
Tell me tell me you're not thinking 'bout some
Somebody else
