

Go Crazy

ScarLip

(Yo, Touch, shit got a kick)
(Yo, Touch, shit got a kick
Know I'm killin' my shit when I'm movin' my hips
Send shots, but they never gon' spin, yo
Them niggas goin' die, they don't know how to kick)

I got a glock, don't move wrong
If you was smart, you would move right
Smokin' that Zah we too gone
Trust me, it's gon' be a smooth night
And they see me doin' my shit like, like, like, how could I lost
Said when you see me, you up it and boom
But when you see me, you rent out the room
If you a opp, better lay low
Don't step on these G's, face 'em

Nigga, just show me how freaky you get
Show me how litty you get
Nigga, just show me I'm tired of this talk and horsing
Just show me how witty you get
Show me how gritty you get
Show me how litty you get
I'm tired of this talk and I'm tired of this horsing
Just show me how litty you get
Show me how witty you get

Let me show you how litty we get
No V, I don't need no whip
Four bitches, I feel like a pimp
I'm posted with slime, we making it lit
Come on through, is they ready to dance
They get off the lick, she rip me out my pants
Got a torch and they taking that chance
When I have my gun, I'm ready to blast
Make it out the hood, nigga, I'm sayin' that I can
My niggas like curry, I swear to your van
Like, "You better duck or get low"
I'm with Scar, and we rock out the show
What you gon' do when them bullets is thrown?
I'ma stack 'em out back in the sky like a drone
Throwin' bullets, they gon' run
Three K, you tryin' to make a song
Bowl pulled up quick, but I think I need more
How you the face of the Bronx, you sure?
I ain't never had a chance to myself to abort
I make niggas run like a mission abort
If you talkin' to God, you gotta pay with a cord
Why the fuck is you locked here in the airport?
Everywhere I'm at, I gotta go crazy
Everywhere I'm at, I gotta go crazy
Everywhere I'm at, I gotta go crazy

Everywhere I'm at, I gotta go crazy
Everywhere I'm at, I gotta go crazy
Everywhere I'm at, I gotta go crazy
Everywhere I'm at, I gotta go crazy
Everywhere I'm at, I gotta go crazy
