(Lord...)

(Lord... Yeah)

I don't have my evil traits
You look perfect on your fate
When you make you gon love me
But you'll be around the snakes
Really feel the buzz when I achieve
(Yeah, eh)
I could never stop chasin' these dreams
Pull up to your spot with the ting
I put in this work while niggas sleep (Ah, yeah)
I could never stop chasin' these dreams (Yeah, Yeah)
I put in work while you sleepin (Hahaha)

Yeah, eh

Never understand me
Runnin' wild in my trackies
I been messin with them wrong things
Didn't touch the xannies but I
Would've put a [?] on my trap beats
Never thought [?] would make me angsty
Life is fucking sweet
But I don't like candy
I overdosed on sugar
Made me feel fucking cranky
Shook hands with my demons and
My spirit came in handy
You ain't got no issues just some
Issues with your daddy
Put myself on the floor
I want more, let's explore
I know the shit you sayin' makes me really fuckin' bored
Why bore?
You just rushing to your bed under the floor
I adore the real support but I don't need it anymore
Yeah, eh
Live in the winter and hide in the summer
Eh
I'm living life on camera, numbers
Down, eh, why do we fight off the ones that love us?
Shit, eh
I know the answers I don't need to wonder
Yeah

I don't have my evil traits
You look perfect on your fate
