I still hate your guts (Blegh)

Spent so long trying my best to change my ways (Blegh)
You must think I'm stupid, I won't play your games (Yah yah yah)
Living in the past better catch up, your thoughts are still the same (Yah yah yah)
Now I've found my freedom you should dig your graves (Fuck)

Battle scars, fuck your dogs
They don't bark or scare me, no

Yeah, I had to make moves by myself when
Every motherfucker wanted my attention
You will never see me coming 'cause I blend in
I'ma rip out all your teeth like a dentist
I'ma only spill truth on a sentence
Fuck you, fuck numbers, fuck mentions
Lxrd's about to do shit relentless
Fuck the industry, I'm authentic
Spent so long with my own pain, I have no thoughts (I'm saucy now, yah)
Open up your mouth and tell those lies you bought (yah, yah)
Careful when you tread you fucking might get caught (Scarlxrd, yah)
Live in silence until blood fills up your lungs

Battle scars, fuck your dogs
They don't bark or scare me, no
Battle scars, fuck your dogs
