(Night grind)

Let me tell the vultures a star has a gift  
Now I'm living lavish with the cash coming in  
Hate in the heart and I'm tired, full of shit  
Raising the bar, nigga, fuck what you think

B-b-beastmode, I've been goin' beastmode  
Evil, I've been thinking evil  
Lethal, yeah I'm fucking lethal  
Lethal, yeah I'm fucking lethal

You know it that you failed on fact  
I still live my life with no regrets  
This shit happens to your body, when I told ya' (Bleth)  
I'm going to rack all of that shit  
I'm going to wrack in my head  
Those motherfuckers fuck it up instead  
Living inside was the ghost is a miss  
Cross me again, I'll drop you down

Lemme tell the vultures a star has a gift  
Now I'm living lavish with the cash coming in  
I hate when my heart has a talk full of shit  
Raising the bar nigga fuck what you think

B-b-Beastmode, I've been goin' beastmode  
Evil, I've been thinking evil  
Lethal, yeah I'm fucking lethal  
Lethal, yeah I'm fucking lethal

Tell the truth  
You're running out of time  
So what I killed myself?  
Either was life or death  
I had to clean my line  
Because my phone's a bitch  
Yeah I got tons of money  
And my boys are drippin'

It's fucking live or kill (Move)  
I put lavish on the till (Move)  
I wouldn't die for a bitch (Move)  
I wouldn't die of the fear (Move)

Lemme tell the vultures a star has a gift  
Now I'm living lavish with the cash coming in  
I hate when my heart has a talk full of shit  
Raising the bar nigga fuck what you think

B-b-beastmode, I've been goin' beastmode  
Evil, I've been thinking evil  
Lethal, yeah I'm fucking lethal  
Lethal, yeah I'm fucking lethal
