Keep singing these songs of hate  
Like I ain't have no choice  
Premeditated, in my fucking skull  
I'm done with all your noise  
Turn me into something evil  
That's fine, it's all the same to me  
I am nothing like these people  
I ain't got no space to fucking grieve

Burn it down, burn it down  
Burn it down, burn it down  
Burn it down, burn it down  
Burn it down, burn it-  
Burn it down, burn it down  
Burn it down, burn it down  
Burn it down, burn it down  
Burn it down, burn it down

Look, just go about your business like it was any other Saturday afternoon.  
Read your papers-  
We need a doctor, look at his face (Oh, ooh)

Burn this fucker down  
I'll start again  
Burn this fucker down  
I'll start a-fucking-gain

This wouldn't be the first time I've burnt it to shit  
I'll rise from the ashes  
All the shit I've been through, all that shit just makes me laugh  
I can't feel no pain, my brain don't send those signals out  
You can never break me, you could never take me down  
Bitch, I hope you're happy with those lies inside your mouth  
Bitch, I hope you're happy with those lies inside your- (Fuck)  
Fuck (Blergh)

Burn it down, burn it down  
Burn it down, burn it down  
Burn it down, burn it down  
Burn it down, burn it-  
Burn it down, burn it down  
Burn it down, burn it down  
Burn it down, burn it down

Burn it down, burn it down
