

BLXXDSPXRT.

Scarlxrd

Place all exit patrols that we have on duty, captain. Keep things good...

I get it done, done
I get it done, done
I get it damn done
I get it damn done
They ain't getting shit done
I get it done, done
They ain't getting shit done
I get it done, done
I get it done, done
I get it done, done
I get it done, done
I get it done, done
They ain't getting shit done
I get it done, done
They ain't getting shit done
I get it done, done

Try throw the shade and I dodge it (uh)
Throw twenty bags on my closet (uh)
SCARHXURS smashing I called it (uh)
Yeah we be cashing deposits (uh)
Run that shit back and then pause it
Now I got money I'm wildin
Young lxrd back in his wallet
Keep that shit coming don't stop it

Scarlxrd went beast mode
Had me bleeding in my throat
Money like I sell kilos
Bout to buy another home
I be whipping in vehicles
Seat back like I stole
We don't want new amigos
Secret hidden in the vault
Scarlxrd went beast mode
Had me bleeding in my throat
Money like I sell kilos
Bout to buy another home
I be whipping in vehicles
Seat back like I stole
We don't want new amigos
Secret hidden in the vault

Really, I'm a pro
Got no time to go in slow
Had to switch up what I know
Now my fucking goals are gold
Imma get down with the business (yeah)
They see I'm back with my vicious stare
Scarlxrd attacking the kitchen (yeah)
Cooking these hits, I'm a millionaire
I want the money, not fashion
Bet you can't copy the passion
You're wondering why you're alone and broke?
I've killed the game and you haven't

I get the lick and I bag it
You get the ship and you catch it
I'm on aggressive expansion
These days I've got no compassion
I want the notes, my face
I want your head on a plate
Give it to me real, don't be fake
I hustle hard in the day
Obviously won every race
Mask on like I'm bane
Lapping niggas in the same
I ain't playing no games

I get it done, done
I get it done, done
I get it damn done
I get it done, done
They ain't getting shit done
I get it done, done
They ain't getting shit done
I get it done, done

"Even expectations of mines."

"It's efficient to build up considerable tension"
