"Uh, Plague"

You now locked into TRAPLXRD, turn it up, lil bitch

If you up that fire, ha  
Better aim for my head  
On my chest  
I keep me a vest  
I don't want stress  
I just be there  
And I be there, uh  
And I'll be there  
You niggas love death, uh  
Damn  
You niggas look dead  
Don't need a trend  
I'm with a 10  
Giving her lead  
King of the land  
You don't understand  
The money to spend

Bitcoin again, uh (BTC)  
Bitcoin again (BTC)  
Bitcoin again, uh (BTC)  
Bitcoin again (BTC)  
Bitcoin-, ha, yeah, yeah ("Captain?")

Like I'm a surgeon, I pick them apart  
Fresh off the tarmac then get in the car  
I told my shawty to fill up the cart  
Make sure you cop everything that you want  
Get our own space when we get to the bar  
Roll up a spliff, that shit look like cigars  
Everyday training, just look at my quads  
Cardio crazy, I train like a dog  
All of these pull ups, I'll tear you apart  
Unless you pull out the blick then I'm gone  
Then I'm gone  
I'm just a nigga, not God  
I don't want beef, I'm too smart, ay  
I don't wan' die premature, uh  
Who else is taking it further? Ay  
Who else is taking it far?  
I know what you want from me but you won't ever get it  
I've been analysed my grief, now I fell less invested  
Turn me to the fucking beast that everyone's forgetting  
Treat my job like therapy but they don't even get it
