Ahahaha, yah, hey...

I don't give a fuck, hold your tongue, I've been winning, uh
Now, I've got a buzz, I feel the rush, I think I'm peaking, uh
Never felt this numb, it makes me sick, I hate this feeling, ah
New bitch on my nuts, she fell in love, but I don't feel it, ya
h yah

Won't stop once I start, hey

Empty out my jaw hey

Do this shit for art, hey

Fuck those bullshit charts, hey

Fuck it, I'm losing control, aye

My feelings down and below, hey

All of the hate, let it go, hey

I'm happy to die on my own

Flex, yeah, yeah, aye-haha, yah, Scarlxrd (woah)

Hahaha, don't be losing your fucking mind, hahaha, yah, aye

Step into my mind, bitch, hear them sirens

They for me, now be silent, keep your guidance

I'm happy you hate me, now hide from yourself

I'm happy and crazy, I don't need your help

This is the shit that I spit when I'm here by myself

I put my mental through Hell

You think you're saving me, bitch, you were saving yourself

Fuck all the feelings you felt

Luh, can't believe I fell for your bullshit

Fuck you, I don't need your help

I don't need no help, bitch

Keep your help, bitch

I don't need no help, bitch

Keep your help, bitch

I don't need no help, bitch

Keep your help, bitch
